

North Houston Astronomy Club procedures for the O'Brien dark site

Tim and Wanda O'Brien have very generously granted NHAC access to their property for the purpose of stargazing. The special rules and procedures for usage are:

- Requesting users must be members in good standing of the North Houston Astronomy Club.
- Requesting users must contact the O'Brien's (Tim and Wanda) via email: tjobrien911@consolidated.net **at least 24 hours in advance**. When they approve your request please make an announcement on Netslyder as to when you planning to be there so they do not get multiple requests for the same night. There are no restrictions on dates of access as long as prior approval is received.
- Please follow all of the standard dark site rules and be respectful of their property and local tranquility.
- Smoking is permitted outside but please consider your fellow astronomers and the conditions of the grass carefully prior to smoking.
- You may be visited by the family during your stargazing. Please share with them your passion for astronomy.
